

[MOCK]

THE ALTERNATIVE

It looks like lamb, tastes like lamb, cooks like lamb, so it's difficult to believe it's not lamb. This brand new, innovative plant-based meat is the only product we know that has nailed the texture and taste of slow roast lamb. It's deep, rich, meaty flavour opens up endless possibilities in the kitchen and is an exciting, game-changing product in plant-based dining.

NO COMPROMISE.

It's difficult to believe how close to lamb this product behaves. It can be added to sauces, bouillons and marinades, or fried off first to seal it, just like the real thing. It's also so simple to use, cook from either from chilled or frozen.

NO MEAT.

Made with an innovative combo of mushroom, soya protein and wheat gluten [MOCK]® is both Vegan and Non-GMO. And although packed with a whopping 18.4g of protein per 100g it uses a fraction of the worlds natural resources needed to rear lamb.

ENDLESS POSSIBILITIES.

If you can do it with lamb, you can do it with [MOCK]®. From traditional British HotPots, and Stews through to Burritos, Kebabs, Shawarma and other exciting pan Asian dishes its all now possible. Need inspiration? Head over to seed-bank.co.uk for a couple of [MOCK]® recipes to get you started.
